GENERAL CLAUSES OF CONTRACT

Clauses 1

Security Deposit

The person/s whose tender may be accepted (hereinafter called the Contractor) shall permit the National Bank of Pakistan at the time of making any payment to him for work done under the Contract to deduct such sum as will amount of five percent (5%) of all moneys so payable, such deductions to be held by the National Bank of Pakistan by way of security deposit. All compensation or other sums of money payable by the contractor to the National Bank of Pakistan under the terms of this contract may be deducted from or paid by the sale of sufficient part of his security deposit, or from the interest arising therefrom, or from any sums which may be due or may become due to the contractor by the National Bank of Pakistan on any account whatsoever, and in the event of his security deposit being reduced by reason of any such deduction or sale as aforesaid, the contractor shall within ten days thereafter make good in cash or Government securities endorsed as aforesaid any sum or sums which may have been deducted from, or raised by sale of his security deposit or any part thereof. However, the Contractor will not be entitled to any interest or profits on his earnest money, security deposit or any other sums of money of the contractor remaining with the Bank for any period.

Clause 2

Compensation or liquidated damages payable by contractors to National Bank of Pakistan for delay in completion of work.

The time allowed for carrying out the work as entered in the tender by strictly observed by the contractor and shall be reckoned from the date on which the order to commence work is given to the contractor. The work shall throughout the stipulated period of the contract be proceeded with all due diligence (time being deemed to be the essence of the contract on the part of the contractor) and the contractor shall pay as compensation Rs. 1000/- for every day that the work remains uncommenced, or unfinished after the proper dates. And further, to ensure goods progress during the execution of the work, the contractor shall be bound, in all cases in which the time allowed for any work exceeds one month, to complete one-fourth of the whole of the work before one-fourth of the whole time allowed under the contract has elapsed one-half of the work, before one-half of such time has elapsed, and three fourths of the work, before three-fourths of such time has elapsed. In the event of the contractor failing to comply with this condition he shall be liable, without prejudice to the other rights of the employer, to pay as compensation Rs. 1000/- for every day that the due quantity of work remains incomplete, provided always that the entire amount of compensation to be paid under the provisions of this clause shall not exceed Fifteen per cent (15%) on the estimated cost of the work as shown in the tender/full amount of the final bill.

Clause 3

In any case in which under any clause or clauses of this contract the contractor shall have rendered himself liable to pay compensation amounting to the whole of his security deposit (whether paid in one sum deducted by instalments) or committed a breach of any of

the terms contained in clause 2 & 3, the Engineer-in-Charge on behalf of the National Bank of Pakistan, shall have power to adopt all or any of the following courses without prejudice to its other rights, as he may deem best suited to the interest of the National Bank of Pakistan.

Action when whole Security Deposit is forfeited

(a) To rescind the contract (of which rescission notice in writing to the contractor under the hand of the engineer shall be conclusive evidence) and in which case the security deposit of the contractor shall stand forfeited, and be absolutely at the disposal of the National Bank of Pakistan.

(b) To employ labour paid by the National Bank of Pakistan and to supply materials to carry out the work, or any part of the work debiting the contractor with the cost of the labour and the price of material (of the amount of which cost and price certificate of the Engineer-in-Charge shall be final and conclusive against the contractor) and crediting him with the value of the work done, in all respects in the same manner and at the same rates as if it had been carried out by the contractor under the terms of his contract; the certificate of the Engineer-in-Charge as to the value of the work done shall be final and conclusive against the contractor.

(c) To measure up the work of the Contractor, and to take such part thereof as shall be unexecuted out of his hands, and to give it to another contractor to complete, in which case any expenses which may be incurred in excess of the sum which would have been paid to the original contractor, if the whole had been executed by him (of the amount of which excess the certificate in writing of the Engineer-in-Charge shall be final and conclusive) shall be borne and paid by the original contractor and may be deducted from any money due to him by the National Bank of Pakistan under the contract or otherwise, or from his security deposit or proceed of sale thereof or a sufficient part thereof.

In the event of the above courses being adopted by the Engineer-in-Charge the contractor shall have no claim to compensation for any loss sustained by him by reason of his having purchased or procured any materials or entered into engagements, or made any advances on account of or with a view to the execution of the work of the performance of the contract. And in case the contract shall be rescinded under the provision aforesaid, the contractor shall not be entitled to recover or be paid any sum for any work therefor actually performed under this contract unless and until the Engineer-in-Charge will have certified in writing the performance of such work and the value payable in respect thereof, and he shall only be entitled to be paid the value so certified.

Clause 4

Contractor remains liable to pay compensation if action not taken under clause 3

In any case in which any of the powers, conferred upon the Engineer-in-Charge by clause 3 hereof shall have become exercisable and the same shall not be exercised, the non-exercise thereof shall not constitute a waiver of any of the conditions hereof and such powers shall notwithstanding be exercisable in the event of any future case of default by the contractor for which any clause hereof he is declared to pay compensation amounting to the whole of his security deposit the liability of the contractor for past and future compensation shall remain unaffected. In the event of the Engineer-in-Charge putting in force either of the powers (a) or (c) vested in him under the preceding clause he may, if he so desires, take

possession of all or any tools, plant, materials and stores, in or upon the works; or the site thereof or belonging to the contractor or procured by him and intended to be used for the execution of the work or any part thereof, paying/allowing for the same in account at the contract rates, or in case of those not being applicable, at current market rates to be certified by the Engineer-in-Charge whose certificate thereof shall be final, otherwise the Engineer-in-Charge may be notice in writing to the contractor or his clerk of the work, foreman or other authorised agent require him to remove such tools, plants materials or stores from the premises (within a time to be specified in such notice) and in the event of the contractor failing to comply with any such requisition, the Engineer-in-Charge may remove them at the contractor's expense or sell them by auction or private sale on account of the contractors and at his risk in all respects and the certificate of the Engineer-in-Charge as to the expenses of any such sale shall be final and conclusive against the contractor.

Clause 5

Extension of time for completion of work

If the contractor shall desire an extension in the time for completion of the work on the grounds at his having been unavoidably hindered in its execution or on any other grounds he shall apply in writing to the Engineer-in-Charge within 30 days of the date of the hindrance on account of which he desires such extension as aforesaid, and the Chief Engineer shall, if in his opinion (which shall be final) reasonable ground be shown thereof, authorise such extension of time, if any, as in his opinion, be necessary or proper.

Clause 6

Final certificate of completion

On completion of the work, and six months thereafter the contractor shall be furnished with a certificate by the Engineer-in-Charge of such completion, but no such certificate shall be given, nor shall the work considered to be completed until the contractor shall have removed from the premises on which the work shall be executed all scaffolding surplus materials and rubbish, and clean off the dirt from all wood work, doors, windows, walls, floors or other parts of any building, in, upon or about which the work is to be executed, or of which he may have had possession for the purpose of the execution thereof, nor until the work shall have been measured by the Engineer-in-Charge whose measurements shall be binding and conclusive against the contractor. If the contractor shall fails as to removal of scaffolding, surplus materials and rubbish, and cleaning off dirt on or before the date fixed for the completion of the work, the Engineer-in-Charge may at the expense of the contractor remove such scaffolding, surplus materials and rubbish and dispose of the same as he thinks fit and clean off such dirt as aforesaid, and the contractor shall forthwith pay the amount of all expenses so incurred, and shall have no claim in respect of any scaffolding or surplus material as aforesaid except for any sum actually realised by the sale thereof.

Clause 7

Confirmation to all laws and regulations

The Contractor shall confirm in all respects to the provision of all Central and Local Laws, Rules and Regulation which may be applicable to the execution of said works by contractors and indemnify the proprietor against all penalties incurred by reason of any such provision.

Clause 8

All on intermediate payments to be regarded as advance

No payment shall be made for works estimated to cost less than rupees one thousand, till after the whole of the works shall have been completed and a certificate of

completion given. But in the case of works estimated to cost more than rupees one thousand the contractor shall on submitting the bill thereof be entitled to receive a monthly payment proportionate to the part thereof then approved and passed by the Engineer-in-Charge whose certificate of such approval and passing of the sum so payable shall be final and conclusive against the contractor. But all such intermediate payments shall be regarded as payments by way of advance against the final payment only and not as payment for work actually done and completed and shall not preclude the requiring of bad, unsound and imperfect or unskillful work to be removed and taken away and reconstructed, or re-erected, or be considered as an admission of the due performance of the contract, or any part thereof in any respect, or the occurring of any claim, nor shall it affect in any way the powers of the Engineer-in-Charge under these conditions or any of the accounts or otherwise, or in any other way or affect the contract. The Engineer-in-Charge shall have power to amend or withhold any certificate if the works or any part thereof have not been carried out satisfactorily. The final bill shall be submitted by the contractor within one month of the date fixed for completion of the work, otherwise the Engineer-in-Charge certificate of the measurement and of the total amount payable for the work accordingly shall be final and binding on all parties.

Clause 9

Submission of bills

A bill shall be submitted by the contractor for each month on or before the date fixed by the Engineer-in-Charge for all work executed in the previous month, and the Engineer-in-Charge shall take or cause to be taken the requisite measurement for the purpose of having the same verified, and the claim as far as admissible adjusted if possible, before the expiry of one month from the presentation of the bill. If the contractor does not submit the bill within the time fixed as aforesaid, Engineer-in-Charge may depute a subordinate to measure up the said work in the presence of the contractor, whose counter signature to the measurement list will be sufficient warrant; and the Engineer-in-Charge may prepare a bill from such list which shall be binding on the contractor in all respects.

Clause 10

Bill to be submitted on printed forms

The Contractor shall submit all bills on the printed forms and the charges in the bills shall always be entered at the rates specified in the tender or in the case of any extra work ordered in pursuance of these conditions, and not mentioned or provided for in the tender, at the rates previously approved by National Bank of Pakistan.

Clause 11

Payments due to the contractor will be made either by credit to his account with the Bank or direct to him.

Clause 12

Supply of materials by the Bank

If the specification or estimate of the work provides for use of any special description of materials to be supplied from the National Bank's store, or if it is required that the contractor shall use certain stores to be provided by the Engineer-in-Charge (such materials and stores, and the prices to be charged thereof as hereinafter mentioned being so far as practicable for the convenience of the contractor but not so as in any way to control the meaning or effect of this contract, specified in the schedule of memorandum hereto annexed) the contractor shall be supplied with such materials and stores as required from time to time to be used by him for the purposes of the contract only, and the value of the full quantity of materials and stores so supplied at the rates specified in the said schedule or memorandum may be set off

or deducted from any sums then due, or hereafter to become due to the contractor under the contract or otherwise, or against or from the security deposit, or the proceeds of sale thereof, if the same as held in Government Securities, the same or a sufficient portion thereof being in this case sold for the purpose. All materials supplied to the contractor shall remain the absolute property of the National Bank of Pakistan and shall not on any account be removed from the site of the work, and shall at all times be open to inspection by the Chief Engineer, Engineer-in-Charge. Any such materials unused and in perfectly good condition at the time of the completion or termination of the Contract shall be required. The contractor shall not be entitled to return any such materials except with the consent of the National Bank of Pakistan. In case any such materials returned to the Bank with such consent, have remained unused by the contractor or any wastage or damage has been caused to such materials, the contractor will not be entitled to any compensation from the Bank for such wastage, damage or non-use of the materials.

Clause 13

Work to be executed in accordance with specifications, drawings, orders etc.

The contractor shall execute the whole and every part of the work in the most substantial and workmanlike manner, and both as regards materials and otherwise in every respect in strict accordance with the specifications. The contractor shall also confirm exactly, fully and faithfully to the designs, drawings and instructions in writing relating to the work signed by the Chief Engineer and lodged in his office, and to which the contractor shall be entitled to have access at such office, or on the site of the work for the purpose of inspection, during office hours, and the contractor shall, if he so requires, be entitled at his own expense to make or cause to be made copies of the specifications, and of all such designs, drawings and instructions as aforesaid. The whole work shall be carried out to the entire satisfaction of the Chief Engineer whose decision regarding workmanship and interpretation of specification shall be final and binding on the Contractor.

Clause 14

Alterations in specifications, designs and quantities

The Chief Engineer, Engineer-in-Charge shall have power to make any alterations in, omissions from, additions to, or substitutions for the original specifications, drawings, designs and instructions, that may appear to him to be necessary, or advisable during the progress of the works, and the contractor shall be bound to carry out the work in accordance with any instruction which may be given to him in writing signed by the Chief Engineer/Engineer-in-Charge and such alterations omissions, additions or substitutions shall not invalidate the contract; and any altered, additional or substituted work which the contractor may be directed to do in the manner above specified as part of the work shall be carried out by the contractor on the same conditions in all respects on which he agreed to do the main work and at the same rates as are specified in the tender for the main work. The time for the completion of the work shall be extended in the proportion that the altered, additional or substituted work bears to the original contract work, and the certificate of the Engineer-in-Charge shall be conclusive as to such proportion. If the items of the work corresponding to the altered, additional or substituted work are not already mentioned in the Schedule of Quantities and Rates, the Chief Engineer in writing shall fix such other rate or price as in the circumstances he shall think reasonable and proper. Where extra work cannot be properly valued, the Contractor shall be allowed day work prices in accordance with the local day work rates and wages and in either case the vouchers specifying the daily time and the
