BOARD OF DIRECTORS

Mr. A. Akbar Sharifzada Director

Mr. Farrakh Qayyum Director

MR. MUNEER KAMAL

CHAIRMAN National Bank of Pakistan and Chairman of Pakistan Stock Exchange (Formerly: Karachi Stock Exchange) ["PSX"], has over 35 years of extensive experience in banking and financial sector. With an MBA degree from University of Karachi, his career started with Citibank where, between November 1979 and July 1994, he served locally and internationally on various senior positions including his term as Director, Head of Country Public Sector and Financial Institutions. During this association, he also attended a number of training courses / programs in Far East, Middle East and Africa.

Mr. Kamal then joined Faysal Bank Limited as President/CEO and led to spread out its operations from 3 branches to 11 and also expanded the balance sheet size from Rs.3 billion to Rs.30 billion.

Mr. Kamal also held position of President/CEO, and then as Vice Chairman and Chief Operating Officer (International) of the Union Bank Limited, where he had been instrumental in various acquisitions done by Union Bank Limited i.e. Bank of America, American Express Credit Cards, Emirates Bank International and Mashreq Bank, Sri Lanka. As a result, Union Bank emerged as a success story and was ably acquired by Standard Chartered Bank.

After his stint with Union Bank, Mr. Kamal began his association with KASB Group - first as President/CEO of KASB Bank Limited from November 2005 to August 2010 and then as Vice Chairman of KASB Group. For KASB Bank, he again oversaw the manifold expansion of operations coupled with acquisition of other entities and introduction of new and modern products, services, policies, procedures and systems.

Other Directorships & Offices:

- Chairman, Pakistan Stock Exchange;
- Director, United National Bank Limited (UK);
- Director, Engro Corporation Limited;
- Director, Karachi Education Initiative.

SYED AHMED IQBAL ASHRAF

PRESIDENT Syed Ahmed Iqbal Ashraf has rich experience of over 35 years in domestic and international banking. Mr. Ashraf is a Fellow of the Association of Chartered Certified Accountants (FACCA) from the UK, from where he not only acquired his education but also started his career. His work experience spans over three continents as he worked in the UK, USA and UAE for 19 years before he decided to return to Pakistan.

Prior to becoming the President of NBP, he was MD/CEO of PAIR Investment Company Limited. Mr. Ashraf has also enjoyed commanding positions as Group Chief at NBP and managed and revamped the Corporate & Investment Banking Group. He played a pivotal role in the establishment of a network of branches in the UK and USA for an International Bank. Another high point in his career is the establishment of Investment Banking Group for Habib Bank Limited. He successfully established the largest DFI, a JV between GoP & China's largest Policy Bank, CDB, in Pakistan. During his tenure as the Deputy Managing Director Pak China Investment Company Ltd., he successfully appraised multiple projects. He restructured, reformed and repositioned The Bank of Khyber as the Managing Director/CEO. He has also served as Country Head - Investment Banking & Head of Financial Institutions for Societe Generale (SG) - the French International Bank from 1996 to 2002. Amongst his achievements at SG, was the appointment as the Financial Advisor to the Privatisation Commission of Pakistan and successful privatisation of United Bank Limited. During his tenure with SG, he also successfully arranged numerous syndicated facilities as the Sole Arranger / Lead Arranger. He also helped the SG consortium to be appointed as Financial Advisor for privatization of PESCO by the Privatization Commission.

Mr. Ashraf is the Vice Chairman of Pakistan Banks' Association for the past 2 years. He is also director of four companies and a council member / trustee of three organisations.

Mr. Farrakh Qayyum | Director

Mr. Farrakh Qayyum was appointed as Director of National Bank of Pakistan by the Government of Pakistan with effect from 9th September, 2013.

Mr. Farrakh Qayyum retired as Secretary to the Government of Pakistan. He served as Secretary Economic Affairs Division, Finance, Petroleum and Natural Resources, Telecommunications and Information Technology, Privatization and Science & Technology. Mr. Qayyum has extensive experience in policy and strategy formation and implementation, institutional development, economic and financial evaluation, in managing multi-disciplinary teams for financial and development projects, and in working closely with commercial banks and multilateral and bilateral donor agencies. Mr. Qayyum has played an instrumental role in the Government's financial sector and telecommunications sector reforms, and successful privatization of PTCL and some other financial institutions.

Mr. Qayyum holds a Master's Degree in Economics with a major in International Trade and Finance from the University of San Francisco, USA. He has received certifications from the Kennedy School of Government, Harvard University, the Overseas Economic Cooperation Fund and several other prestigious organizations.

He has represented Pakistan as Alternate Governor World Bank and Asian Development Bank in their annual meetings. He also served as Executive Director on the Board of Islamic Development Bank. ORGANOGRAM

OUR BUSINESS, OBJECTIVES AND STRATEGY

Our Business

Together, with our local and foreign subsidiaries, we provide commercial banking services including commercial loans, investment advisory, asset management, global remittances, agency services, forex, leasing, modarba, underwriting, brokerage, and such other services.

Key stream of our income includes net mark-up/interest income generated through loans & investments under both conventional and Islamic modes of financing. This is the residue from the mark-up income generated through lending to our individual, commercial and corporate borrowers, and investments, the cost we bear on the deposits placed by customers, borrowings and other debt obligations. We earn non mark-up income by way of fees for financial services and other products, and the income generated through investments, dividend income, gains on equity investments, income through dealing in foreign exchange, government securities, etc. We also earn through strategic investments in other entities as well as investments in subsidiaries and associates.

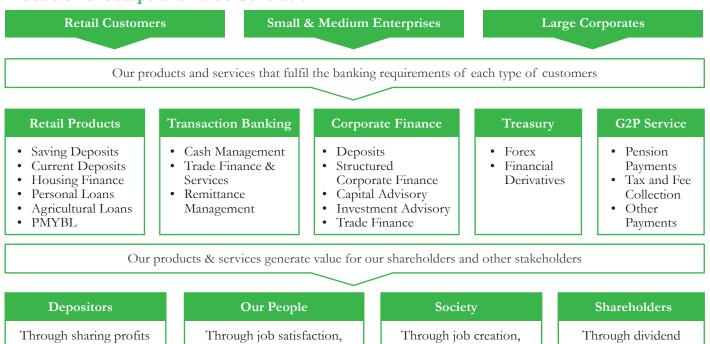

We function in a market environment which is highly competitive and regulated, but offers huge opportunities for generating value for our stakeholders. By virtue of our strong branding, capital adequacy and other strengths, our aim is to capitalise the market opportunities for sustainable maximisation of shareholders' value.

Our Business Model

We proactively identify our customers and their banking requirements. Our business operations are based on a geographically diversified, composite, integrated & cohesive structure, whereby the banking and other financial & related services are typically provided by the Bank through our branches.

Geographical Presence	Non-Banking Financial Services
 Pakistan South Asia & Far East Middle East Central Asia Europe North America 	 Leasing Modarba Foreign Exchange Asset Management

Products Landscape and Value Generation

on the deposit and investments.

remuneration and retirement benefits.

support & donations and economic upbringing.

Our Operating Structure

We have 5 customer-facing business functions, focused on catering to the banking requirements of each type of customers.

The business groups are primarily responsible for making the plans & strategy for their respective business domains and ensuring it is coherent with overall business strategy of the Bank. Each group defines and delivers the customer proposition, and is accountable for end-to-end customer processes and products.

Control and Support Functions

These groups define the functional strategy to support the business groups in achieving their business strategy. The

control functions extend their expertise in developing the policy framework that sets the route for the business groups.

Our Ambition and Strategic Priorities

As the Bank is now moving forward through restoring its fundamental strengths, we have defined interconnected and mutually composite strategies for the years ahead. Our priorities are weighted equally, and set a clear path for us to deliver our strategy towards capitalising value generation opportunities offered by the market.

Our Goals	Our Methodology Towards Achieving Our Goals.
Maintain Leadership Position	We will increase our market share though organic as well as strategic expansion, locally and internationally. We will introduce new products to capitalize on our strengths and to compete with the industry.
Customer Service	We will add alternate delivery channels by moving towards branchless banking. We will also invest in making our business places more innovative, customer service oriented and pleasant.
Adopting to the Best Practices	We will bring strategic realignment of various functions, business process reengineering and change management. Our business will be technologically-advanced and well-equipped.
Improving Asset Quality	We will improve our asset quality through efficient lending framework, collateral management and effective post-disbursement credit monitoring mechanism.
Greater Financial Inclusion	We will capitalize on our rural coverage by bringing banking home to the unbanked masses, and through developing products for low income groups, particularly women.
Strengthening Compliance and Controls	We will ensure 100% compliance to our recently formulated zero tolerance policy for fraud and forgeries. We will improve technological infrastructure to improve the monitoring mechanism to ensure compliance of policies.
Maximising Shareholders Values	We will create value through maximising income and gains to maintain a healthy and sustainable payout ratio. We will further improve our Cost to Income ratio and retain the profits as much as necessary for achieving organisational growth.
Partnering for Economic Development in the Country	We will continue our support for financing large infrastructure projects in the country. While CPEC remains on our radar as a key project to create opportunities for growth, we will also cash on our function to represent central bank for treasury business.
Investing in Our People	We will invest further in our people through training & development by promoting a transparent culture based on our principle of 'reward for performance'. We will add more to our human capital pool and devise a well thought succession planning.

Business Continuity Plan

We are determined to have effective and robust business continuity measures in place for the protection of our employees and information assets. As a financial institution, we ensure an effective business continuity plan is implemented bank-wide for smooth recovery and continuity of our critical businesses and functions during and after any disastrous interruption. The aim is to continue business operations in case of any unforeseen event to protect our corporate image, mitigate associated risks, safeguard our revenues and sustain our relations with stakeholders, including customers, business all counterparts and regulators.

To deliver on our business commitments and to remain compliant with regulatory requirements when confronted with significant business disruptions, our infrastructural architecture includes a Business Continuity Plan for resumption of operations and constitutes as an integral part thereof.

Our business continuity strategies encompass disaster recovery, business recovery, crisis management, incident management, emergency management and contingency planning. As a measure to ensure uninterrupted business operations, we have our business continuity and resilience services arrangements with IBM for our DR Site. Disaster Recovery Planning for business operations and services is also implemented bank-wide to adequately address the potential risks and provide measures to be adopted in case of natural disasters, accidents, sabotage, power breakdowns, communications discontinuation/disruption, etc.

Customer Service Quality

Our market share, financial results and the acclaim we receive at local and international forums is reminiscent of the continuous resolve & success towards transformation. However, in the fiercely competitive market, we are striving to develop a customer-oriented Sales & Service Culture. Our Board is also keen in observing a visible change in Service Quality Standards at NBP. A separate function of Service Quality at NBP has been introduced with the sole aim & objective to reinvigorate the sales & service culture and changeover from customer satisfaction to Customer Delight. Our team, with its vast experience of Service Quality in the financial services industry, has strategized various initiatives to be implemented at NBP in phases to ensure smooth transition towards Customer Delight. Our plans to achieve Customer Delight include employee training, improving business processes and work place environment, and placement of service quality officers.

Investor Relations

Maximising shareholders' value is on top of our mission. We aspire to further strengthen our corporate image and instil investors' confidence in NBP by implementing business-like approach for the communication of material financial information to the shareholders and other stakeholders. We are determined to resolve our shareholders' concerns, and to discharge our obligation of providing material information about the financial position & performance of the Bank, its subsidiaries, joint venture and associates within statutory timelines. Our goal, under this strategy, is to represent NBP in a true & fair manner so as to assist the existing as well as potential investors in making properly informed investment decisions; and, that other stakeholders can develop a well-informed and balanced understanding of the NBP.

Through this function the Bank strives to minimise investment risks, provide an effective avenue to express and resolve concerns of the stakeholders for developing a sustainable relationship. Our designated Investor Relations Team within the Financial Control Division manages investors' concerns. The team may be approached by email at investor.relations@nbp.com.pk. Investors may also raise their concerns by writing to our Share Registrar.

- Net operating margins of the bank have improved from 8.6% in 2013 to 21.7% in 2015. Improvement in the net operating margin is mainly attributed to higher net spreads and lower cost to income ratio.
- Asset Use Efficiency that dropped to 4.8% in 2013 has improved by 14.58% by the end of year 2015. This was achieved through higher interest margins.
- Since the bank is growing its deposit base, the equity multiplier has recorded a simultaneous corresponding growth.

vi) COMPUTERIZED NATIONAL IDENTITY CARD (CNIC)

Securities and Exchange Commission of Pakistan (SECP) vide its S.R.O. 779 (1)/2011 dated August 18, 2011 has directed all listed companies to ensure that Dividend Warrants should bear the Computerized National Identity Card (CNIC) Numbers of the registered members. Members who have not yet provided attested copies of their valid CNICs / NTNs (in case corporate entities) are requested to send the same directly to the Share Registrar at aforementioned address.

vii) <u>REVISION OF WITHHOLDING TAX ON DIVIDEND INCOME UNDER SECTION 150</u> OF THE <u>FINANCE ACT 2014:</u>

Please note that under Section 150 of the Income Tax Ordinance, 2001 and pursuant to Finance Act 2014 withholding tax on dividend income will be deducted for 'Filer' and 'Non-Filer' shareholders @ 12.5% and 17.5% respectively. According to clarification received from Federal Board of Revenue (FBR) withholding tax will be determined separately on 'Filer/Non-Filer' status of Principal shareholder as well as Joint Holder(s) based on their shareholding proportions, in case of joint accounts

In this regard, all shareholders who hold shares jointly, are requested to provide shareholding proportions of Principal shareholder and Joint Holder(s) in respect of shares held by them to our Share Registrar, in writing as follows:

Folio /		Principal Shareholder		Joint Shareholder	
CDS Account #	Total Shares	Name and CNIC #	Shareholding Proportion (No. of Shares)	Name and CNIC #	Shareholding Proportion (No. of Shares)

The required information must be reached to our Share Registrar by 23-03-2016, otherwise it will be assumed that the shares are equally held by Principal shareholder and Joint Holder(s).

Shareholders are therefore requested to please check and ensure Filer status from Active Taxpayers List (ATL) available at FBR website http://www.fbr.gov.pk/ as well as ensure that their CNIC / Passport number has been recorded by the Participant / Investor Account Services or by Share Registrar (in case of physical shareholding). Corporate bodies (non-Individual shareholders) should ensure that their names and National Tax Numbers (NTN) are available in ATL at FBR website and recorded by respective Participant / Investor Account Services or in case of physical shareholding by Bank's Share Registrar.

"STATEMENT OF MATERIAL FACTS":

This statement sets out the material facts concerning the Special Business given in agenda item No.5, of the Notice, to be transacted at the AGM of National Bank of Pakistan's shareholders.

Item No. 5:

TO APPROVE SCHEME OF AMALGAMATION OF NBP LEASING WITH AND INTO THE NBP.

The NBP Shareholders in EOMG held on 18-12-2015 had, in principle, approved the amalgamation of NBP Leasing Limited ("NLL"), being the wholly owned subsidiary of the Bank, with and into the Bank under section 48 of the Banking Companies Ordinance, 1962 ("Proposed Merger").

The Proposed Merger is intended to be implemented and effected through a Scheme of Amalgamation, the draft of which has been recommended by the Board of Directors of the Bank to the Shareholders, and has been made available to the members (the "Scheme"). Subject to obtaining all necessary corporate and regulatory approvals (including from the shareholders of the Bank and NLL, the State Bank of Pakistan and the Securities and Exchange Commission of Pakistan), and the sanction of the Scheme by the State Bank of Pakistan in accordance with section 48 of the Banking Companies Ordinance, 1962, the entire undertaking of NLL (including all assets, properties, rights, liabilities, obligations etc.) will be amalgamated with and merged into the Bank, subsequent to which NLL shall be dissolved without winding up. Furthermore, it is intended that the undertaking of NLL intended to be amalgamated / merged with and into the Bank may subsequently be parked under the Islamic banking operations of the Bank through conversion of the lease / assets portfolio into Shariah compliant leases / assets.

The Scheme is also available for inspection to any person entitled to attend the Annual General Meeting at the office of the Secretary (Board) of the Bank, during normal office hours; copies of the same may also be obtained upon request by such persons from the office of the Secretary (Board) of the Bank free of cost during normal office hours till the date of the meeting.

The details of the Proposed Merger along with all ancillary matters thereto, as well as the benefits thereof are prescribed in the Scheme.

As required by section 48 of the Banking Companies Ordinance, 1984, the Scheme is required to be passed at the meeting of the shareholders of the Bank, by a majority representing two-thirds in value of the shareholders of the Bank, present either in person or by proxy at the meeting.

The directors of the Bank and NLL are interested in the Scheme to the extent of their respective shareholdings in the Bank and NLL (to the extent applicable). The effect of the Scheme on the interest of these directors does not differ from the respective interests of the shareholders / members of the Bank.

The directors of the Bank shall continue as the directors after the Proposed Merger (subject to their ceasing to be directors prior to the completion of the Proposed Merger). The directors of NLL shall cease to hold office as directors in the said company as result of the Proposed Merger. No compensation shall be payable to such directors on account of their relinquishment of the respective offices in NLL.

In view of the above, the Board of Directors of the Bank has recommended the amalgamation / merger of NLL with and into the Bank in terms of the Scheme.

The Shareholders are requested to consider and approve Scheme of Amalgamation of with and into the Bank, and pass the following resolution, with or without modifications.

"**RESOLVED THAT** subject to obtaining all necessary regulatory approvals, including the approvals of the State Bank of Pakistan and the Securities and Exchange Commission of Pakistan, NBP Leasing Limited be amalgamated with and into National Bank of Pakistan under section 48 of the Banking Companies Ordinance, 1962 in accordance with the Scheme of Amalgamation to be sanctioned by the State Bank of Pakistan."

"FURTHER RESOLVED THAT the Scheme of Amalgamation, approved and as recommended by the Board of Directors of National Bank of Pakistan and circulated to the shareholders of the Bank, be and is hereby approved in accordance with the provisions of section 48 of the Banking Companies Ordinance, 1962, subject to any modifications which may be carried out as per the requirements of the Securities and Exchange Commission of Pakistan or the State Bank of Pakistan and / or for the purposes of rectifying any error, clarification or elaboration."

"FURTHER RESOLVED THAT Mr. Amir Sattar, the SEVP/CFO of the Bank and Mr. Khawaja Amin-ul-Azam, the EVP/Head Islamic Banking of the Bank, be and are hereby authorized to jointly take all steps necessary, ancillary and incidental for the purposes of the Merger including, but not limited to, (i) executing all necessary documents pertaining to the Merger including, but not limited to, the Scheme of Amalgamation, applications, affidavits and any other related documents; (ii) taking all steps and actions for obtaining the requisite consents from the relevant regulatory authorities, members / shareholders and any other persons (as applicable) with respect to the Merger and all ancillary matters; (iii) filing, pursuing and taking any and all necessary actions in respect of submitting applications to the relevant authorities, including representing the Bank, with respect to the Merger and obtaining the approvals of the same; (iv) making such alterations and changes in the Scheme of Amalgamation as may be expedient or necessary for satisfying the requirements or conditions imposed by either the State Bank of Pakistan and / or the Securities and Exchange Commission of Pakistan; (v) appointing consultants, attorneys, advocates, advisors and counsels for the purposes of the Merger; and (vi) generally doing all acts, deeds and things as may be required with respect to the aforementioned resolutions and implementing the Scheme of Amalgamation in terms thereof along with all incidental actions in respect of the same."

CHAIRMAN'S MESSAGE

I feel great pleasure in writing to you about your Bank's performance for the year 2015. Capitalising on opportunities created by the improving economic environment, we moved on towards successfully achieving our goals and targets for the year 2015. As maximising shareholders' value remains on top among our priorities, we achieved 28% growth in profitability. To make it a sustainable growth for the future, we have invested into further improving our technological infrastructure, corporate governance framework, risk management, customer base, geographical footprint in the country, our product universe and above all, our human talent capital. We have, and shall continue, to invest in automating all functions of the Bank.

It is evident from the numbers stated in the financial statements that your Bank is continuously striving to increase its leadership position on most fronts in the financial services industry in Pakistan. Not only have we improved our numbers in terms of profitability, liquidity, solvency, capital adequacy, deposits, financial inclusion, etc.; we are also improving our business operations as simpler, smoother and structured through automation.

We have continued with our commitment to extend the utmost support on all fronts in bringing industrial and economic rehabilitation in the country. We feel pleasure in the fact that NBP's contribution is keeping alive several public sector entities and large businesses in the country. However, we are equally concerned with the situation that large NPLs pertaining to the public sector entities continue to hinder our pace towards growth and profitability to the best of our true potential and capabilities.

We strive to fulfil our responsibilities as a corporate citizen, not only towards our shareholders, but also to the state and all members of society. We remain committed towards nation building and contributing to society by focusing on the areas of basic education, healthcare, skill development and financial inclusion of the unbanked masses in the country. Our branches' presence in the rural areas is the largest for any bank in the country. The Bank contributes towards its CSR commitments for betterment of under-privileged citizens, development of human talent in the country and enrichment of our culture.

While we achieved performance milestones during the year, we understand significant opportunities are still there to be unfolded and capitalised on. Also, we have to be mindful of the significant factors that continue to slash our pace of growth. To fully capitalise the opportunities in the market, we are determined to eradicate such factors by reshaping our business culture in general, and our customer service in particular. Our Code of Conduct raises the bar for loyalty, transparency, integrity and fairness in all our decisions and the actions we take. As a motivated team, we move confidently to achieve our strategic goals for the year 2016.

I would like to take this opportunity to thank our Board for the immense contribution and insight provided during these challenging days in developing a sustainable environment for the Bank to continue with its pace towards mission accomplishment. We are indebted to appreciate our management for their efforts in driving the Bank back to its true potential. We are confident that efforts shall continue in the right direction to restore confidence of our stakeholders in the Bank.

I would also like to thank our shareholders, customers, business counterparts and regulators for their support and confidence during 2015; above all, our great people for their hard work, dedication and ongoing commitment to National Bank of Pakistan.

Muneer Kamal Chairman Board of Directors

Date: February 19, 2016

DIRECTORS' REPORT TO THE SHAREHOLDERS

I am pleased to present to you, on behalf of the Board of Directors of National Bank of Pakistan, Financial Statements of the Bank for the year ended December 31, 2015. You will be pleased to know that the true potential and capabilities of your Bank have further crystallised as our strategic plans keep on unlocking business potentials and translate into improved customer recognition & service, better earnings, integrated business systems, greater national and overseas network and a motivated team. The performance of your Bank during the year was however influenced by multifaceted external factors like the murky global economic environment and a compromised geo-political situation in the Middle East and other neighbouring economies.

Macroeconomic Environment

The year 2015 remained fairly tough for global economic growth which remained around 2.9% compared to the initial forecast of 3.5%. Bigger economies like USA, China, India, Saudi Arabia, Germany and the UK all faced a slump in GDP growth. This dull output was mainly attributed to the unremitting deceleration of economic activities as the oil prices continue a free fall. The emerging and developing economies gained from the situation and recorded modest economic growth despite a significant decline in their exports as demand from the developed economies remained limited. Since political uncertainty in the Middle East and pressures on the oil prices continue, experts now suggest that global economic growth will face yet another difficult year ahead.

Our economy maintained its pace of improvement & growth as the GDP growth rate rose to 4.2% in year 2014-15 as compared to 4.0% in year 2013-14. Economic activity in the country accelerated slightly on the back of lowering oil import bill, improving energy distribution management, persistent growth in foreign remittances, improving law & order situation, the Sino-Pak agreement of developing China-Pakistan Economic Corridor (CPEC). These have collectively geared the economy towards low inflation, improvement in Tax-GDP ratio, etc. Economic growth was witnessed in all key sectors of the economy i.e. large-scale manufacturing, services, agriculture, industry and trading.

Sharp falls in global POL and other commodity prices, stronger PKR making imports less costly and controlled food prices dashed headline CPI inflation down to record low level of 4.5% in FY15, lowest ever since 2003. During 1H FY16, CPI has averaged at 2.5%. Also, Pakistan's healthy remittance growth to USD 18.4 Billion in FY15 (USD 15.8 B – FY14), funds generation through sale of Government stake in business entities, helped insulate the economy from external vulnerabilities. Our external account position has also strengthened to record high FE reserves to approx. USD 21bn.

We had a tough year on the trade side as our trade deficit increased to USD 17.2 bn vs. USD 16.6 bn in FY14, due to lower textile exports and rising imports of power / construction machinery, steel & transport vehicles. Though lower crude oil prices would continue to support, we expect CA deficit to slightly increase to 1% of GDP, on account of development projects led higher imports. On the financial and capital account side, dollar inflows from IMF, World Bank, ADB and other financial intermediaries along with the start of funding by China on CPEC related projects would cover CA deficit and uplift reserves.

Our economy is showing signs of recovery on the back of lowering fuel prices and foreign remittances.

.....

The trickle down impact of the easing economic and financial position was also witnessed in the monetary policy of the SBP. The discount rate was reduced during the year from 8% to 6% and the excess liquidity was created through conventional as well as Islamic Sukuk instruments on various occasions to keep the market functions on track. These translated into creating more credit and financing at reduced cost of borrowings.

Although improvement in the economic outlook was also endorsed as Moody's and Fitch upgraded rating of Pakistan, direct foreign investment remained low on account of multiple issues related to political, legal, infrastructural issues as well as geo-strategic environment surrounding the country. The situation has, however, improved radically over the last 6 months with the formal launch of CPEC further aided by the tremendous successes of the domestic anti-terror drive.

While the Government has taken steps to enhance the power supply by adding more units to the National Grid as well as through improved supply chain management, the energy crisis yet remains the single most critical challenge to the economy and continues to burden the economy.

Going forward, the macro environment for FY16 appears positive. However, the outlook for the external sector still remains tenuous as the Middle East remains significantly volatile. Should the pressures remain on oil prices, we may face a drop in home remittances. Any sudden increase in the oil prices, on the other hand, will broaden trade deficit, triggering inflation. The economy could however continue to benefit from a considerable cut in the policy rate, improvement in security situation, the CPEC and other political settlements in the surroundings.

Your Bank

Maximising shareholders' value through profitability is a top priority among our strategic goals. This year too we achieved greater success in achieving our strategic goals and priorities. Last year we had identified and set certain interconnected and synergetic priorities for ourselves to achieve during the year 2015. We had set that during the year 2015:

- We will expand our business universe through adding new products and markets
- We will enhance our branch network for both conventional and Islamic segments
- We will automate the business processes
- We will bring reduction in the NPL through recoveries & rehabilitation of classified loans
- We will continue to invest in our people

During the year 2015, our employees showed undeterred resolve to achieve the above strategic priorities. As we believed, and rightly so, the above priorities and directions have proved to set a solid ground for your Bank in maintaining its leadership position in various business segments, while creating an opportunity to regain its position in certain others.

We move forward to achieve our goals from a regained position of strengths.

I am pleased to report that during the year your Bank made significant infrastructural growth through technological advancements and by adding 49 new branches to its domestic network, taking the total to 1,403. This includes our Islamic banking network, which now stands increased to 79 branches compared to 22 branches in December 2014. Our ATM network that comprised of 376 ATMs in December 2014 now has increased to 1,000+ ATMs. Further 500 ATMs are planned to be installed during 2016. Also your Bank accomplished another milestone by converting 100% of our domestic branch network from earlier scattered IT systems to the uniform centralised Core Banking Application (CBA). The entire branch network is now online. This has not only significantly improved the Bank's operational efficiency but will also enable it to launch technology-based products.

The Bank is a pioneer in the lending program for small business entrepreneurs. Since the launch of Prime Minister's Youth Business Loan product (PMYBL), the Bank has made significant progress towards enabling youth to improve their earning capacity with a positive multiplier effect on the economy through financial inclusion of the youth. The Bank is expanding and investing in alternate delivery channels including alliances with telcos for greater outreach and improved customer service. During the year we successfully launched new products and also repackaged our existing products to align the same with customers' requirements. This includes introduction of "Choice Current Account" for individuals & businesses, and "Asaan" account for small depositors. Further broadening our spectrum of products, we also launched "Bancassurance" product through 184 branches to diversify the product suite and increase non-funded income. Other products launched include agriculture products for horticulture, dairy & livestock farming and repackaging of "Cash & Gold" product. While the passport fee is now collected in branches over 15 cities, we are making arrangements for collection of government taxes / fees through ATMs and telcos for which our network now stands increased from 605 authorized branches to over 100,000+ agents of telcos.

Among the large ticket business, we made significant growth by adding quality portfolio to our corporate bank. We are among the key bankers providing advisory services to the Privatisation Commission.

Our international operations span over 19 countries with a total of 21 branches, 2 subsidiaries, 1 joint venture and 3 representative offices. We are the only Pakistani bank having three branches and two wholly owned subsidiaries in Central Asian countries. This vast global footprint caters to the banking needs of the locals as well of Pakistani nationals living abroad. Our overseas branches are exploring new avenues to ensure increase in the deposit base and trade business.

We have established remittances arrangement with 42 tie-ups across the globe, including some of the leading names in the Middle East. We are now routing above 200K transactions per month of inward remittance with major inflow from the Middle East. We are now offering products like "NBP Foree Cash", "NBP Foree Transfer" and "NBP Foree Remittances Account" for hassle-free banking. As soon as the funds are remitted to an account, the beneficiary gets an SMS alert and can withdraw cash from any ATM across Pakistan.

Likewise yesteryears, in 2015 also, we continued with our endeavours to maximise financial inclusion of the unbanked masses in the country. We equally value the underdeveloped areas and strive to bring prosperity to the public in such areas through offering tailored financial services and financing facilities.

Throughout the year we remained robust & steady towards reducing our NPL. Our strategies resulted in reversal of Rs. 4,897 million in the specific provisions against NPL achieved through recoveries and rehabilitation of infected portfolio. Our strategies are all set to translate into further recoveries & reversals during the forthcoming year. With a punchline of "We must improve Asset Quality to prevent NPL", our Credit Management Group is set to adopt the multi-pronged strategies to achieve NBP's critical success factor for improving asset quality resulting in increased yield.

We made significant advancements in implementation of BPR and COSO framework. Effective implementation of BPR and COSO is going to streamline our operating model, improve regulatory compliance as well as improve the platform for customer service, product / service deployment, enhance MIS reporting & decision-making and improving TAT resulting from process and organizational efficiencies.

Our "Aitemaad" Islamic banking that now stand increased to 79 branches, has made commendable growth. With deposits grown from Rs. 2.5 billion to 12.8 billion, "Aitemaad" is offering services nationwide in 48 cities. To bring synergies and economies of scale to Islamic banking operations, we have decided to amalgamate NBP Leasing Limited into the Bank. Our strategic initiative for the forthcoming year includes setting up an Islamic bank as our wholly owned subsidiary in order to promote Islamic banking business strictly in conformity with the injunctions of Shariah.

We are adding talent to our human capital pool through inductions and trainings. Our newly established E-learning Division will facilitate employees in continuous development, without leaving the workplace. To keep our team motivated, numbers of officers and executives have just been promoted to senior grades for better performance and succession planning.

To improve our brand, a separate function of Service Quality was introduced in March, 2015 within CRBG with the sole aim to reinvigorate the sales & service culture and changeover from customer satisfaction to Customer Delight. Our strategy towards Customer Service Quality is driven though employee engagement, efficiencies in business processes, making our business place customer friendly with an amicable ambiance.

Throughout the year, we remained committed in identifying and fulfilling our responsibilities to the society at large. We extended funds of Rs. 58 million for improving education, health, rehabilitation and our culture.

In order to cover the risk of potential credit losses on the portfolio, which is presently not impaired as per the applicable Prudential Regulations, an aggregate amount of Rs. 12 billion has been appropriated from the un-appropriated profits to a "General loan loss reserve" to protect the equity base of the Bank from future contingencies in respect of the credit portfolio.

Proposed Dividend

Transferring the value generated to the shareholders, the Board of Directors has proposed a cash dividend of Rs. 7.50 per share (75%). This shall be presented for approval by the shareholders of the Bank in the 67th Annual General Meeting. This translates into 92.3% dividend payout of the Bank's distributable profit for the year 2015 (after statutory reserve allocation). This high payout reflects the Bank's strong capital position and our commitment to enhance shareholders' value.

Financial Performance - 2015

The commitment and resolve demonstrated by our people has efficiently materialised the opportunities arising out of the improving economic condition for maximising our shareholders' value and fulfilling our social responsibilities as a corporate entity. We effectively continued our efforts for enhancing profitability while keeping our risks well balanced.

• Profitability

We achieved an exponential 51% growth in profit before tax for the year as it increased by Rs. 11.2 billion from Rs. 22.0 billion for the year 2014 to Rs. 33.2 billion for the year 2015. This is a complete turnaround from year 2013; and is higher by 368%. The increase in profit before tax is mainly derived through 20.7% growth in core net interest/ mark-up income, and 18.1% growth in non interest/mark-up income. To mitigate the impact of the policy rate cut, we managed our earning assets portfolio mix in an optimum manner. Non-performing loans secured through the GoP guarantee continue to remain a big drag on our profitability, and have adversely impacted our interest income to a significant extent. We are making unrelenting efforts by raising the issue at appropriate platform and approaching the concerned authorities for recovery of overdue amounts.

We managed to reduce the mark-up expense by 12.3% despite 16.0% increase in deposits. While reduction in profit rates was the key driver, this was complemented through generating non-remunerative as well as low cost deposits. By improving cost of funds, we managed to increase our net interest / mark-up income. Net provisions against non-performing loans reduced marginally by 3.2% from Rs. 11.0 billion for the year 2014 to Rs. 10.6 billion for the year 2015. This year too, we were able to realize sizeable reversals of Rs. 4.9 billion in specific provisions against certain non-performing loans through recoveries and declassifications. However, some large accretions to non-performing loans, mainly pertaining to the public sector,

and downgrading of some large advances significantly diluted the impact of reversals in provisioning.

With 45.5% contribution towards the Bank's total income, non interest / mark-up income reflected 15.2% YoY growth as it increased by Rs. 4.6 billion to Rs. 35.0 billion, compared to Rs. 30.4 billion for the year 2014. Continuing with our impressive trend of achievements set in year 2014, this year too we recorded substantial gains through money and capital market transactions by booking capital gain of Rs. 12.6 billion on sale & redemption of securities.

This is 43.6% higher against Rs. 8.8 billion for the year 2014. Fee & commission income amounting to Rs. 12.4 billion constitutes 34.4% of the non-interest / mark-up income. It is worth noticing that the adverse impact of the decline in POL prices on the trade business income was offset through a volumetric growth achieved in the trade business. The other significant contributor to this income band was income from dealing in foreign currencies followed by dividend income with respective contribution of Rs. 4.7 billion (30.9% up) and Rs. 3.3 billion (49.2% up). Other income reduced from Rs. 3.6 billion in year 2014 to Rs. 2.1 billion in the year 2015. The decline was mainly due to reduction in compensation on tax refunds to 6M Kibor+0.5% from the earlier 15% as announced in the last year's Federal Budget.

Our numbers in 2015 truly reflect delivery of our strategic priorities through strengthening our business for sustainable benefits of our stakeholders.

Non interest / mark-up expense marginally increased by 1.3% to Rs. 43.7 billion against Rs. 43.1 billion for the year 2014. During the year 2015, we achieved considerable improvements in execution of business activities, thus substantially reducing certain undesired costs. Administrative expenses amount of Rs. 42.1 billion increased only by 5.4% against the previous year's Rs. 40.0 billion. Among these, salaries and allowances constitute 57.1% as the same increased by 2.9% from Rs. 23.4 billion in 2014 to Rs. 24.1 billion for the year 2015. As we increase our branch network, improve workplace conditions and enhance the brand image, rent & utilities, repairs & maintenance and advertisement expenses increased respectively by 23.1%, 21.2% and 106.0% over the year 2014. Increase in all other costs remained in line with the inflation. In totality, our cost to income ratio stands improved from the previous year's 54.7% in 2014 to 47.6% for the year 2015.

This year our value addition to the national exchequer through

the current year income tax was Rs. 14 billion compared to Rs. 6.9 billion in the previous year. After adjustment for taxes, your Bank's profit after tax increased by 27.9% to Rs. 19.2 billion compared to Rs. 15.0 billion for the year ending December 31, 2014. Due to budgetary changes, the Bank recorded prior year's tax charge of Rs 2.3 billion, thus diluting the reflection of growth in pre-tax profit into after-tax profit.

Our teamwork has cumulatively translated into 27.9% higher basic and diluted earnings per share of Rs. 9.03 compared to Rs. 7.06 for year 2014. Pre-tax and after-tax return on equity stand at 29.4% and 17.0% respectively, whereas pre-tax and after-tax return on assets stand at 2.0% and 1.2% respectively.

Financial Position - 2015

• Assets

Total assets of your Bank grew evenly throughout the year and stand substantially increasing by 10.6% at Rs. 1,706.4 billion, compared to Rs. 1,543.0 billion as of December 31, 2014. Our investments increased to Rs. 826.3 billion. Approximately 92.7% (2014:88.7%) of our investment is placed in risk free government securities.

Net advances recorded a marginal fall of 7.8% and stand at Rs. 577.9 billion. The reduction in net advances is mostly attributed to conversion of certain loans into Term Finance Certificates, some large repayments, lower commodity prices and a provision charge of Rs. 10.6 billion for the year 2015. With a balance of Rs. 549 billion, net advances payable within Pak Rupee constitute 95% of the net advances. While the net NPL ratio improved from 3.6% at December 31, 2014 to 2.9% as at December 31, 2015, the provision coverage improved to 87.0% as on December 31, 2015 from 81.2% of last year.

• Liabilities

The liability side was also well managed during the year. Our borrowings reduced by 41.6% from Rs. 37.5 billion as of December 31, 2014 to Rs. 21.9 billion as of December 31, 2015. This was mostly on account of reduction in SBP financed lending. Total deposits grew 16.0% from Rs. 1,233.5 billion as of December 31, 2014 to Rs 1,431.0 billion as of December 31, 2015. Our deposit growth is higher than the banking sector's growth. Deposits in the local currency weigh 83.8% of the total deposits. We achieved a growth in low cost current and savings deposits. Savings deposits amount to Rs. 382.2 billion, 9.8% higher from Rs. 348.1 billion as of December 31, 2014; while current deposits increased by 13.8% to Rs. 608.8 billion. As we endeavour to improve our cost of funds, we achieved a 13.2% growth in non-remunerative deposits during the year that increased to Rs. 425.5 billion. Non-remunerative current deposits now contribute 29.8% to the total deposits.

• Capital Strength & Adequacy

Your Bank maintains a strong & adequate capital structure, well above the minimum Capital Adequacy requirements of SBP and the Basel framework. As of December 31, 2015, capital adequacy ratios and buffers (in percentage of risk weighted assets 'RWA') are as follows:

Capital Adequacy Ratios	Curren	nt Year	Prior	Year
Suprairie que y ranso	Required	Actual	Required	Actual
CET-1 to total RWA	5.50%	12.49%	5.50%	11.75%
Tier-1 capital to total RWA	7.00%	12.49%	7.00%	11.75%
Total capital to total RWA	10.25%	17.59%	10.00%	17.39%

Awards & Recognitions

During the year 2015, your Bank achieved several awards and recognition on various platforms on account of its performance in various sectors. Prominent awards & achievements include:

- Bank of the Year in Pakistan Award 2015 The Banker Magazine - Financial Times UK

Future Outlook

Year 2016 will be a year of new opportunities and challenges for NBP as well as the banking industry. Our goals for the year include maintaining leadership position, market penetration for greater financial inclusion, strengthening compliance and controls, partnering economic development in the country, investment in our people, adopting the best practices and modern-day banking, focusing on improving asset quality, maximising value for shareholders, improving delivery channels & customer services.

NBP corporate lending for next year is to tap in on the increasing LSM growth. It will also follow a growth strategy with increased lending in prospective sectors, with growth potential, offering enhancement to existing good borrowers and booking fresh relationships. NBP is all set to capitalize on the CPEC opportunities, and is setting up a China and Far East Trade Desk on a fast-track basis.

To tap in on the growing home remittance business and to promote increase in CASA deposits, NBP plans to launch new remittance products such as the Current account version of "NBP Foree Remittance" and "Easy Remittance Account". Strengthening customer loyalty through joint marketing plans with Western Union (WU) and renegotiation of contract with WU so as to incorporate "Credit to Account" facility. In order to compensate the reduction in commission allowed by the counterparts, the Bank will target growth in remittance volume business. NBP, during 2015, has introduced specialized products for various agriculture sub-segments; including dairy, horticulture, tunnel farming, mechanization, irrigation development, etc. Besides, the Bank plans to introduce value chain contract farmer financing and micro / small agri-farmers loans, financing to rural agri-based businesses. NBP will leverage its largest rural network to capitalize on these initiatives, tapping the prospective growth in agriculture.

Cognizant of the growth in Islamic Banking, NBP is continuously expanding its Islamic Banking Branch network and plans to be among the top Islamic banking windows of conventional banks with respect to branches and deposits by the end of 2016. We are also working on a plan to establish a subsidiary Islamic bank in Pakistan.

The Bank has undertaken a number of plans in the areas of information technology upgradation, with major projects like expansion of the ATM network (further 500 machines are planned to be installed during 2016), and branchless banking. We intend to open new ATM facilitation centres for pensioners and utility bills' collection through biometric verification. Trade finance and home remittance business will be increased through targeting new customers and products. NBP will continue to invest in enriching its human capital capacity-building by acquiring talent and continued training. Efforts will be also made to improve 'expense management' and achieve greater operational efficiency. Greater emphasis is being placed on improving internal controls and regulatory compliance.

Earnings Per Share

The basic and diluted after tax earnings per share for the year 2015 is Rs. 9.03.

Events after the Balance Sheet Date

There have not been any material events that occurred subsequent to the date of the Balance Sheet that require adjustments to the enclosed financial statements, except those which have already been made or disclosed.

Change in the Board of Directors

We are pleased to welcome Mir Balakh Sher Marri and Mr. A. Akbar Sharifzada on the Board of National Bank of Pakistan and are confident that the Bank will benefit immensely from their rich experience and enlightened leadership. We also would like to express our sincere gratitude to Mr. Shahid Aziz Siddiqui and Mr. Rana Asad Amin, the outgoing directors of the Bank. Their contribution and support towards the Bank's progress is duly recognized.

Appointment of Auditors

The Board of Directors, on the recommendation of the Board Audit Committee, has recommended M/s Grant Thornton Anjum Rahman & Co. Chartered Accountants and M/s Ernst & Young Ford Rhodes Sidat Hyder Chartered Accountants to be the external auditors of the Bank for the year ending December 31, 2016, in place of retiring auditors M/s KPMG Taseer Hadi & Co., Chartered Accountants and M/s Ernst & Young Ford Rhodes Sidat Hyder Chartered Accountants at the fee being paid to the retiring auditors, subject to approval by the shareholders at the Annual General Meeting. Both the firms are eligible and have offered themselves for appointment.

Statement of Internal Control

The Board is pleased to endorse the Statement made by the management relating to internal controls, including the management's evaluation of ICFR. The Management's Statement on Internal Control is included in the Annual Report - 2015.

Annexure to the Annual Report

The following are annexed to the Annual Report - 2015 and form an integral part thereof:

- Overview of the Board of Directors' Committees;
- Groups' Performance Review;
- Risk Overview;
- Statement of Internal Control;
- Statement of Compliance with Code of Corporate Governance;
- Corporate & Social Responsibility Report;
- Pattern of Shareholding.

Conclusion & Acknowledgement

The Board appreciates and acknowledges contribution of the Bank's management and employees towards the success and achievements for the year. They would also like to express their gratitude and appreciation to the customers, shareholders and other stakeholders for their support and trust in NBP.

For and on behalf of the Board of Directors,

Syed Ahmed Iqbal Ashraf President & CEO Karachi

A brief of the functioning of each of the Board Committee is summarised below.

Board Audit Committee (BAC)

The Board Audit Committee is an advisory and assurance committee which assists the Board in fulfilling its oversight responsibilities. In performing its duties, the Board Audit Committee has maintained an effective working relationship with the Board, the Bank's management and the internal and external auditors. The Committee discussed, monitored and reviewed the matters for improvement in internal audit, financial reporting, corporate governance, internal controls, risk management, compliance with laws and regulations and code of conduct and external audit. The Committee also reviewed the Statement of Internal Control and the Bank's financial results prior to submission and approval by the Board. The Committee recommended the appointment of the external auditors of the Bank to the Board and also considered any questions regarding their audit fees taking into account the applicable regulatory requirements.

The Board Audit Committee ensured that a permanent, dedicated and independent internal audit function exists in the Bank which has adequate resources and staffing, and is appropriately placed within the Bank with related skills and up-to-date knowledge of auditing techniques and banking activities. The Committee also ensured effective coordination between internal and external auditors.

Board Risk Committee (BRC)

BRC is a Board sub-committee that facilitates the BoD in ensuring that the Bank follows risk management guidelines of the State Bank of Pakistan; and in implementing risk management guidelines & regulations. BRC played a vital role in improving the risk environment in NBP through active reviews of credit & investment portfolio, NPL recovery strategy, risk management frameworks / policies and other risk management models / tools / MIS, etc.

BRC is primarily focusing on the creation of sound risk culture across the Bank. BRC continuously updates itself through orientation / training sessions on emerging risks. The Committee met 04 times during the year 2015, and has ensured

OVERVIEW OF THE BOARD OF DIRECTORS' COMMITTEES

implementation of overall risk management policy, review & endorsement of risk management frameworks, i.e. market risk framework, ALM framework, risk management models / rating tools, development / approval of risk tolerance / concentration policy, monitoring of progress of BPR & COSO project and implementation of remediation plans of the Basel project.

Board Human Resource Committee (BHRC)

The Committee is primarily responsible for human resource (HR) related issues in the Bank. Ten (10) meetings of the Board HR Committee were held during 2015. Various HR decisions were taken by the Committee for improvements in the areas of HR planning, compensation, pension, institutional discipline, overseas and other HR areas.

The Committee recommended amendments in various policies relating to HR affairs for the Board's approval. The Committee conducted interviews for promotion and approved & recommended rates for annual performance appraisal.

Board Information Technology Committee (ITBC)

ITBC comprises of three members of NBP's Board of Directors, NBP's CEO/President and the CIO, being Secretary of the Committee. ITBC is responsible for taking IT-related strategic decisions and overseeing their execution in the Bank's interest. The focus is to develop better priority setting, improved alignment with business objectives and bringing benefits to the Bank like business focus, priority, transparency and accountability.

ITBC is the governance body for reviewing, monitoring and prioritizing major IT projects from a cross-functional perspective for the Bank. The top three activities of ITBC are IT project prioritization, overseeing project implementation, execution of projects and recommending the projects for approval to the BoD.

The Committee achieved the following during the year:

- Oversight for CBA Implementation

The Committee oversaw the successful completion of CBA implementation in 1400+ branches that was achieved in November, 2015.

- Name Filtering Solution and AML

Name Filtering Solution (SafeWatch) project was implemented and made live in October, 2015. ITBC also regularly reviews the project progress of Anti Money Laundering which was initiated in August 2015 and is on track. The project is expected to be live by April 2016, as per the set timeline.

- ATM Network and 500+ ATMs More to be Installed

ITBC regularly monitored the progress of the project with reference to all target dates. Installation of another 500 biometric-enabled ATMs is also in progress which is being regularly monitored by the ITBC.

Furthermore, the Committee regularly reviewed the growth of Call Centre operations, and recommended valuable enhancements for improved Call Centre functions. The focus of the Committee is always towards achieving enhanced service quality measures for customer facilitation. Implementation of a Centralized Complaint Management Solution for the Bank is one of the initiatives to ensure a prompt and seamless complaint management process. As a result, a dedicated complaint management system is deployed and complaints from all channels are now being registered with a complete follow-up process.

GROUPS' PERFORMANCE REVIEW

Commercial & Retail Banking

Commercial Retail Banking Group (CRBG) manages the two sides of the balance sheet, i.e. deposits and commercial, SME consumer and agricultural advances. The Group primarily covers three broad business areas: distribution, product development & management and transaction banking.

The lifeline of any bank is the generation and retention of deposits, which within NBP is led by the Group through various products. On the assets side, the group offers various products which include commercial financing, SME financing, agriculture financing, consumer financing & commodity financing. In consumer financing, the Bank offers "NBP Advance Salary" (personal loan product), "NBP Saibaan" (mortgage finance facility) and "Cash & Gold" (personal financing against gold and liquid securities).

Despite challenging economic conditions, led by lacklustre private sector credit off-take and continuous reduction in the policy rate during 2015, the Group was able to achieve major milestones. Some key highlights include growth in deposits, reduction in the cost of funds and improvement in the deposit mix.

During the year 2015, a major restructuring exercise within the Group was undertaken and implemented to ensure better customer focus and performance optimization. Key highlights of this are:

- As regards to branch and ATM network expansion, 49 new branches were opened while 60 branches were converted to Islamic banking and 500 plus ATMs were also installed.
- On the product side, the Group successfully launched and repackaged (existing) products during the year. This includes "Choice Current Account" for individuals & businesses, and introduction of the new

"Asaan" account for small depositors for financial inclusion.

– The Group also launched "Bancassurance" product through 184 branches to diversify the product suite and increase non-funded income. Other products launched include agriculture products for horticulture, tunnel and dairy / livestock farming and repackaging of "Cash & Gold" product.

Additionally, various initiatives have also been implemented to increase market penetration and improve cross-selling within the Bank. Such initiatives include reinvigorating of the "PMYBL" scheme through a countrywide media campaign and graduation from the passive walk-in to active personal selling model, introduction of SMS alert facility for account holders, development and launch of cash management business (launched for passports) and passport fee collection through all branches in 15 major cities across the country.

The Group renewed its focus on capitalising the opportunities available in the digital banking space. Major projects implemented by our branchless banking / alternate delivery channels team include:

- Roll-out of 1000 ATM Projects (500 plus ATMs installed).
- Limited roll-out of mobile banking facilities in collaboration with UBank.
- E-statements and payment of utility bills through ATM.
- Undertook cash disbursement business for the Government for flood affectees in both 2014 and 2015.
- Successfully implemented "Kisan Package" by utilizing branchless banking channel.

Corporate & Investment Banking

The Corporate Investment Banking Group (CIBG) handles one of the largest corporate portfolio among the banks in Pakistan. With its regional centres in Karachi, Islamabad, Lahore, Faisalabad and Multan, CIBG is focused on catering to the banking needs of big-ticket local corporate customers including multinationals and government entities through its various tailored financial solutions. During the year, CIBG recorded successes in all its regional centres, in achieving its goals of adding quality assets to its portfolio. Commendable improvement was also achieved on the liabilities side through generation of deposits. Despite the challenging market conditions, the Group managed to capture greater market share in trade business and advisory services. The Group was successful in achieving turnaround of various ailing borrowers resulting into cash recovery and declassification.

During this period, the Group also went through effective implementation of Credit Administration at its Karachi

Centre. This further strengthens our credit risk management functions. The Group also liaised in devising policies & procedures related to credit concentration, credit pricing, obligor risk assessment, etc.

Investment Banking wing of the Group remained on the front foot through its lead role in various capital finance transactions, and advisory services to the Privatisation Commission. During the year, new relationships with large business potential in the energy sector were added by the Group.

As part of the strategy, the Group will further improve the asset quality through booking of quality loans, establishing new relationships and increasing its customer base by targeted sales and will focus on fee-based business with a focus on trade finance and advisory business.

Treasury Management

Role of the Treasury Management Group is to optimally manage the foreign exchange, money market and capital market portfolios of the Bank along with optimally managing the Bank's liquidity, ensuring that adequate funding is available to other business units.

The Group made a sizeable contribution to the Bank's bottom line by posting capital gains of above Rs. 12 billion through transacting in government securities and shares. It continued to be the market maker in the FX market and once again posted substantial FX gains in 2015.

Success of the Group was due to its proactive judgment of market information resulting in optimal adjustments in the investment portfolio. The fact that we have been persistently rated amongst the top primary dealers in the country by the State Bank of Pakistan bears testament to our expertise in managing and trading government securities and the confidence of our diverse clientele. The Group, while focusing on its strengths and products, continues to target collaboration with other business units by developing a mutually beneficial relationship with valued corporate and retail clients. It has embarked on putting in place the infrastructure and technical platform to enable smooth operations and efficient executions.

International Banking

International operations of the Bank span over 19 countries with 21 branches, 2 subsidiaries, 1 joint venture and 3 representative offices spread over North America, Europe, Far East, South Asia, Middle East and Central Asia. We are the only Pakistani bank having three branches and two wholly owned subsidiaries in Central Asian countries. We also have our representative offices in Beijing, Toronto and Tashkent. This vast global footprint caters to the banking needs of the locals as well of Pakistani nationals living abroad.

Our international branches are exploring new avenues to ensure increase in deposit base and trade business to reflect improvement in funded and non-funded income. We have strengthened our IT system at international branches to ensure efficiency and improvement through establishing effective compliance controls. In coming years, NBP will further enhance its footprint by entering potential new markets.

Home Remittances

Home remittances are a main support to the balance of payments for developing economies like ours, which has remained remarkably resilient despite slower global economic growth. Since the inception of the Global Home Remittances Management Group in 2009, NBP has shown tremendous growth in the area of home remittances. Within 5 ¹/₂ years time, NBP has been able to establish remittances arrangement with 40+ tie-ups across the globe, including some of the leading names in the Middle East.

NBP has created awareness among overseas Pakistanis to use legal channels through marketing campaigns in Pakistan as well as overseas, considering it a national cause and a support to boost the foreign exchange reserves of the country. With the widest domestic branch network of 1403 online branches, covering all corners of Pakistan, NBP provides high quality services at the branch level. NBP is the bank of choice for expat Pakistanis to send remittances to their loved ones in Pakistan. To facilitate beneficiaries in receiving payments in Pakistan, the Bank offers various products like "NBP Foree Cash" and "NBP Foree Transfer"; and has now introduced "NBP Foree Remittances Account" for hassle-free banking. When remittance is sent into beneficiaries' account, they will get an SMS alert and can withdraw cash from any ATM across Pakistan.

In the year 2016, we are aiming to migrate all our existing remittance agencies on web-based, which will increase the remittances volume and provide more effective and fast customer services to beneficiaries in Pakistan. Further, we are in negotiation with prospective banks and exchange houses to bring them on the NBP platform.

Assets Recovery

Mission of the Assets Recovery Group (ARG) is to achieve expeditious reduction in non-performing assets of the Bank through cash collections and declassification by way of rehabilitation, restructuring, negotiated settlements and legal recourse within the framework of the Bank's policies / SBP guidelines. The Bank, having a provision coverage ratio of 89%, appreciates that recoveries shall make a significant positive financial impact on the Bank's profitability.

This year, the Group made visible contributions towards achievements of the Bank through sizeable reversal / write back in provisions and reduction in non-performing loans. The Group introduced Management Controls to motivate its team for recovery drive; also considerable progress was made in enhancing the role of IT and MIS to improve efficiency of Group operations. For next year, the Group will expedite its efforts to achieve cash recovery and declassifications. The Group will also remove structural anomalies within its various sub-units to enhance coordination with the field functionaries.

Islamic Banking

Year 2015 remained a milestone year for our Islamic Banking Group (IBG) during which the "Aitemaad" branch network has surged from 22 in December, 2014 to 79 branches in December, 2015; and is targeting 150 branches by December, 2016. Keeping the unique value of NBP as the Nation's Bank, "Aitemaad" is offering its banking services across Pakistan with presence in 48 cities. Concurrently, we have finalized some new products, achieved important milestones in developing IT infrastructure, and ensuring provision of ATM & online facilities to the customers. We have also been able to install 20 ATMs at Islamic banking branches. For ensuring effective control and monitoring of increasing branch network, regional set-ups have been introduced and established.

We are set to amalgamate NBP Leasing Limited into the Bank. The amalgamation has been approved by shareholders of both the companies through respective EOGMs held in December, 2015. As a result of this, assets of NBP Leasing Ltd. will be added in "Aitemaad's" balance sheet, bringing value addition through economies of scale and synergies.

Our strategic initiatives for the forthcoming year include setting up an Islamic bank as our subsidiary in order to promote Islamic banking business strictly in conformity with the injunctions of Shariah.

Operations

In order to achieve greater customer facilitation and an increase in fee-based income, the Bank is pursuing the goal of automating Government receipts & payments process. This initiative has not only significantly reduced the turn-around-time (TAT) but has also enhanced efficiencies besides costs savings associated with Government receipts & payments. The Bank has initiated the process of computerizing Government pension payments after introduction of GPPS (Government Pension Payment System) which has automated all the tasks performed, including calculating amount of pension due (with all adjustments applicable such as incremental increase, new allowances, etc.), generation of computerized payment voucher (bill), preparation of scroll/MIS and updating pensioners' records. The Bank is also facilitating salaried employees and pensioners of its account holders with account-based pension payments, use of biometric for verification and for evidence of life (in lieu of life certificate).

As part of product innovation, NBP is the first bank to introduce ATM points where multiple ATMs have been provided under one roof; with all possible comfort for visiting customers, who can now carry out ATM transactions round-the-clock without any hassle or waiting in long queues. At present, six ATM points are operational at Bahawalpur, Gujranwala, Karachi, Kharian, Multan and Sialkot. Focus has also been made on increasing the production and distribution of NBP Cash (ATM) Card after enhancing our capacity to process ATM card applications and issuance of ATM cards. The Bank, towards facilitation of its customers, has introduced Interactive Voice Response (IVR) facility for cards' activation.

The Bank successfully launched a Short Message Service (SMS) for its account holders under the brand name "PEGHAAM", which promises issuance of alerts as and when any financial transaction is made in the service subscriber's bank account.

The FBR e-Payment facility, earlier available for large taxpayers, has now been made available for other taxpayers who are NBP account holders for making their tax payments electronically.

The Bank has also made special arrangements for collection of utility bills at its branches so that utility bills' payments at the Bank are instantly shared with the utility company concerned, for instant required updation in their billing data. The Bank has also undertaken measures to facilitate collection of utility bills and execution of funds transfers through ATMs.

Information Technology

The Bank is investing in its IT infrastructure and is moving towards technological advancements in terms of connectivity, innovation, automation and intelligent decision-making, serving as an 'enabling resource' for developing a more flexible structure and responding timely to the dynamics of a fast-shifting banking industry. The ultimate aim is to bring NBP technologically at par with its peer banks and to be among the top technologically-advanced banks in Pakistan.

Our IT team is progressively moving from a back-office support function to a front force for strategic banking initiatives, enhancing the value and transforming the perception of the Bank from branch-centric (product-focused) to multi-channel (client-centric) and ultimately to self-directed services (digital-centric). IT has taken measures such as strengthening and standardizing the Bank's infrastructure in respect of security, communication and networking, achieving inter-branch connectivity by completing Core Banking implementation in NBP's domestic branch network, automation of existing services, introduction of value-added services, strengthening deliverables of multiple ADCs by enhancements in call centre operations, and expanding the ATM network and its functionalities.

During 2015, NBP completed the milestone of deployment of the Core Banking Application in 1400+ branches (entire domestic branch network) in November, 2015 within 11 months, and the target was achieved ahead of the completion date of December 31, 2015. All Islamic banking branches were migrated to CBA Islamic as well. We have also planned to achieve the CBA implementation in Paris and Bangladesh branches, and system automation in Turkmenistan and Hong Kong branches.

The Bank's ATM network in 2014 comprised of 376 ATMs which now stands increased to 1,000+ ATMs. An additional 500 biometric ATMs are planned to be installed in 2016, that will take

the Bank's ATM network to 1500+. Furthermore, ATM and ATM Cards' value-added services were introduced such as ATM/Debit cards for Islamic banking customers and Pakistan-Army supplementary ATM cards to cater to the needs of Islamic banking customers and Pak-Army personnel; and the facility of Inter Branch Transfers (IBT) through ATM for conventional and Islamic banking customers.

The facility of utility bills payment services was launched for customers through ATMs and over-the-counter. The same will be further enhanced and provided also through internet banking in 2016.

Improvements in call centre operations were made like integrating Islamic banking customers' data with the call centre for extending customer services to NBP's Islamic banking customers, and SMS notification service through call centres for customers' complaint registration, closure, ATM card activation and deactivation, etc. reducing the overall volume of customers' complaints.

Furthermore, customer-centric services that were successfully implemented include E-statement registration/sign-up service for customers, enabling them to receive an electronic version of the account statement at their registered email addresses, Sindh Revenue Board (SRB) tax collection over-the-counter and through ATM, and balance enquiry through SMS for NBP customers that has resulted in reduced balance enquiry requests at call centre and branches on peak days.

For strengthening internal operational and compliance processes of the Bank, major projects were achieved, like "Committee Decision Item Tracking System" for better tracking for the management, successful implementation of "Name Filtering Solution (SafeWatch)", initiation of the project of "Anti Money Laundering (AML)/KYC Solution."

Credit Management

Credit Management Group (CMG) performs a wide range of functions at the Bank that include assessing and approving loan applications jointly with the business groups, credit monitoring, policy development and ensuring implementation of credit policies and procedures through provision of appropriate guidance and tools, etc.

The critical success factor that sets direction of all activities and strategies of the CMG in forthcoming years is agreed as "We must improve Asset Quality to prevent NPL." With the active support of business and support groups, the Group is set to adopt the multi-pronged strategy to achieve NBP's critical success factor for improving asset quality, resulting in increased yield. During the year, the Group made significant contributions towards our achievements through policy formulations, portfolio quality through setting minimum obligor risk band for fresh lending and identifying the riskier business segments and industries where the Bank should avoid taking further exposure.

Risk Management

The goal of Risk Management is to be proactive in efficiently identifying, assessing, measuring, monitoring and controlling risks to the Bank's strategic advantage. NBP is moving towards a disciplined risk management culture where risk management is a responsibility shared by all of the Bank's employees, management and BoD members. Risk Management Group, separate from approvals, reports directly to the President with dotted line reporting to the Board Risk Committee (BRC). The Group structure is constituted in a way so as to have a focused approach on the enterprise-wide risk management, with clear segregation of responsibilities pertaining to the area of credit risk, market & liquidity risk, operational risk, data management and reporting We are also in process of implementing a Bank-wide BPR & COSO project.

Several initiatives were undertaken and achieved; some major ones are as follows:

- Development of overseas risk management framework for overseas operations of NBP
- Development of interest rate risk management policy
- Monitoring of operational risk tolerance limit and conducting variance analysis

BPR & COSO implementation project is underway. The project aims to effectively implement BPR & COSO to streamline the operating model, improving regulatory compliance as well as improving the platform for customer service, product/service deployment, enhance MIS reporting & decision-making and improving TATs resulting from process and organizational efficiencies.

Human Resource Management

Training and career development are very vital in an organization that aims for fast progressing. It is the process of inculcating the essential skills required for performing jobs efficiently. Our HR made investments in developing human capital by organizing training workshops for the Bank staff. These programs not only sharpened their abilities but also helped them acquire new skills. In order to keep pace with modern trends, we have established an e-learning division that will facilitate employees in continuous development, without leaving the workplace, i.e. at their desktops. The HRM Group was reorganized in the wake of the changing business environment to ensure greater focus on various HR-integrated activities and efficient delivery.

For the year 2016, the HR is planning to revamp the Bank's HR framework. To achieve this, an external consultant will be engaged to comprehensively review and recommend improvements through organizational restructuring and realignment.

Appraisal systems exist to improve organizational efficiency by ensuring that individuals perform to the best of their ability and earn appropriate rewards. This in turn leads to improved organizational performance. As a top priority, we shall strive to inculcate a performance culture in the Bank and the employees shall be rewarded accordingly.

The HR has taken important steps for achieving a formal succession planning to fill important vacant positions by internally identifying potential successors and developing them for the purpose. The HR plan for the forthcoming year also includes one-window operations for retirement and post-retirement benefits to facilitate the retired employees.

Compliance

Compliance is an independent function that identifies, assesses, advises, monitors and reports on the Bank's compliance risk, i.e., the risk of legal or regulatory sanctions, financial loss or loss to the reputation which the Bank may suffer as a result of its failure to comply with applicable laws, regulations, codes of conduct and standards of best practices. The Bank accelerated its efforts to strengthen the compliance culture in the organization. Special emphasis has been placed on following the regulations on Anti Money Laundering (AML) and Know-Your-Customer (KYC). The Compliance Group is in pursuit of developing the skills of the staff working in the Bank with a sound objective to minimize the chances of non-compliance. The Group also issues a monthly Compliance Bulletin to advise regulatory changes made by the State Bank of Pakistan during the respective month.

In November 2015, our compliance team completed the implementation of sanction compliance / safe watch, which ensures real-time SWIFT sanction compliance for domestic operations in addition to overseas operations of Afghanistan and Bangladesh regions through SafeWatch.

A new system has been acquired for better compliance management. This is currently in the implementation stage and will cover the following:

- Transaction Monitoring & Detection
- Know-Your-Customer (KYC)
- Enterprise Case Management
- Oracle Financial Services Regulatory Reporting
- Custom Compliance Reports

The Compliance also arranged for the implementation of FATCA by meeting all the given deadlines so far, both for local and global operations, and also for the Bank's subsidiaries.

RISK OVERVIEW

The very nature of our business transactions has associated to it, to varying extent, one or more type of risks. Our responsibility is to proactively identify, measure, evaluate such risks and to devise the policies for the tolerance of each risk category, or combination of risks, at each level of business activity. Our mission of maximising stakeholders' value through sustainable growth is achieved through informed risk decision-making and superior risk & capital management supported by a consistent risk-focused culture across the Group.

Our Approach to Risk Management

We follow a prudent path to risk management through effective tools to keep the Bank safe, achieve corporate sustainability and minimise losses within the defined risk tolerance levels. Strategic goals, embedded into our approach to risk management, are to maintain a robust framework, identify and escalate risks and support sustainable business growth through optimum risk reward decisions. Our approach to risk management evolves around the following:

Risk Appetite / Tolerance Limits	We have developed and implemented risk appetite / tolerance limits / levels for credit, market & operational risk areas. These are regularly analysed and reported to the Board and senior management.
Knowledge, Responsibility and Reward	Individuals who take or manage risks clearly understand them in order to protect the Bank from avoidable risks. Individuals related to risk activity are responsible to ensure compliance with the risk management framework.
Goal Congruence	Risk-taking decisions are in line with the corporate mission goals, and the Bank-wide strategy set by the Board allowing the Bank to undertake more productive risk-taking activities or to restrict high risk/low return activities.
Risk Return Trade-Off	Business decisions optimize, as far as possible, the risk-return trade-off.
Capital Adequacy	Sufficient capital is always available as a buffer to absorb risks.
Value Addition	Risk avoidance does not impair our goal of increasing shareholders' value.

Our Risk Management Framework

The Board of Directors is responsible for ensuring active oversight over implementation of policies and frameworks so as to prevent any significant financial loss or reductions in shareholder value. Therefore, it is the responsibility of the Board to ensure that comprehensive risk management policies and frameworks are in place to recognise all significant/ material risks to which the Bank may be exposed to. The Board, through the Board Risk Committee, reviews effective implementation of the risk management framework.

As we pursue our plans to continue expanding and diversifying our business amidst increasing competitiveness and challenges, we have in place a disciplined risk management mechanism steered through an effective risk management strategy and a policy framework. It ensures that our risk profile remains aligned with our risk tolerance policy that defines the maximum tolerance level and permissible / restricted activities for the Bank in achieving strategic goals.

Our following teams play multi-level roles in developing and implementing the risk management framework.

Board Risk Committee (BRC)	BRC is essentially a Board level oversight committee to perform the risk management activities on behalf of the Board and is the highest risk related policymaking and supervising body for all types of risks faced by the Bank, notably credit, market, liquidity and operational risks. It comprises of the President and four non-executive directors with the Chairman being a non-executive director. The Group Chief - RMG serves as the Secretary of the Committee. Concerned Group Chiefs / Divisional Heads/Wing Heads may be invited, if required.
Risk Management Group (RMG)	Risk Management Group exists as an independent group, i.e. separate from approvals, reporting directly to the President with a dotted line reporting to the Board Risk Committee (BRC). The Group is responsible to perform the functions pertaining to development and oversight of the risk framework, methodology and other functions assigned from time to time for ensuring compliance with the local regulations.
Executive Risk Management Committee (ERMC)	ERMC is a senior management body mainly covering risks from an overall perspective of strategy, policy/framework development, assessment/measurement tools, MIS framework and Basel framework implementation, whereas routine aspects in relation to such risks shall be managed by the RMG. ERMC has representation from various business and support groups.
Board Audit Committee (BAC)	BAC is responsible for overseeing all aspects of internal control, including compliance activities, the appropriateness of accounting policies and the adequacy of financial reporting.

Risk Management Policies

Based on our approach to the Risk Management, the Board has approved policy documents that set the parameters to achieve effective risk management in the following key areas:

- Credit Risk Country Risk
- Operational Risk Market & Liquidity Risk
- Whistle Blow Policy
- Credit Policy Manual

Risk Framework Implementation

We implement risk management framework through a 'Three Lines of Defence' model which defines clear responsibilities and accountabilities and ensures effective independent oversight and assurance that activities take place in accordance with the risk framework.

- The First Line of Defence: Business Groups with the Credit Management Group have a primary responsibility for identifying, measuring, monitoring and controlling risks within their areas of accountability. They are required to establish effective governance, and control frameworks for their business compliance with the respective policy requirements, to maintain appropriate risk management skills, mechanisms and toolkits, and to act within defined parameters set and approved by the Board.
- The Second Line of Defence: Board Risk Committees, Risk Management Group and Compliance Group perform integrated function of providing oversight and independent challenges to the effectiveness of risk decisions taken by business groups, setting of risk framework, tools, systems and reporting on the risk profile of the Bank.
- Third Line of Defence: Audit & Inspection Group provides independent, objective assurance and consulting activity designed to add value and improve the organisation's operations. A&IG helps the Bank accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control and governance processes.

Our Whistle Blow Policy is also an effective tool for identifying any weaknesses in the risk management and governance process.

Risk and Opportunity Report

While risk is a burden, it is also an opportunity. Key uncertainties that trigger risks in our business broadly include volatility of financial and money market, geo-political events, regulatory changes, infrastructure break-down and hostile human activities. The most significant and critical risks that arise out of our transactions and may materially impact on delivering against our strategic priorities in a sustainable manner broadly relate to Capital, Liquidity, Credit, Market and Operations.

Our approach to 'Risk-Opportunity Materiality'

We consider a risk and an earning opportunity to be material if the same is expected to affect the financial position or financial performance of the Bank.

Risk Relevance & Mitigating Approach

With our mission to capitalise on every possible opportunity to maximise stakeholders' value, our responsibility is to proactively identify, measure and evaluate such principal risks, and to devise the policies for key mitigating actions for each risk category without losing an earning opportunity. Our principal risks, together with their mitigating factors, are outlined below. A detailed disclosure of risk mitigating strategy is given in note-41 of the financial statements.

Capital Adequacy: Materiality & Relevance: High

- We keep our Capital Structure strong enough by maintaining capital adequacy ratios far above the minimum national requirements set by the SBP and as required under the Basel framework.
- We carry out capital adequacy assessments on a quarterly basis to make sure that a strong capital structure is always maintained. Our capital adequacy is certified by our external auditors.
- As of December 31, 2015, our Capital to RWA ratio was 17.6% against the minimum requirement of 10.25% for 2015.
- We retain adequate profits with the Bank to keep the Capital Structure strong enough to support the management's decisions of taking further exposure into risk bearing assets.

Liquidity & Market Risk: Materiality & Relevance: High

- We enjoy a strong and diversified customer base with reliable stream of deposits. This, coupled with our strategies to maintain a sound capital structure and the risk bearing asset-mix, keeps our Bank highly liquid.
- Our balance sheet is diversified across a wide range of geographical regions, customer segments and products that serve to mitigate both liquidity and market risk.
- 81% of our investments are highly liquid and readily realisable. While 48% of the investments mature within 6 months, 78% mature within a year.
- Our loan portfolio remains predominantly short-termed, with 53% of net advances maturing in less than 6 months, and 66% maturing in less than one year.
- We remain a net provider of liquidity to the interbank market.

STATEMENT OF INTERNAL CONTROL

Reporting of Internal Control System

Bank's management has established and is managing an adequate and effective system of Internal Control which encompasses the policies, procedures processes and tasks as approved by the Board of Directors that facilitate effective and efficient operations. The management and the employees at all levels within the bank are required to perform as per these approved Internal Control System components. The Internal Control System ensures quality of external and internal reporting, maintenance of proper records and processes, compliance with applicable laws and regulations, and internal policies with respect to conduct of business.

The management ensures that an efficient and effective Internal Control System is in place by identifying control objectives, reviewing existing procedures and policies and ensuring that control procedures and policies are amended from time to time wherever required.

However, the bank's internal control system has been designed to manage rather than eliminate risk of failure to achieve objectives and can only provide to the bank's management and Board of Directors with reasonable but not absolute assurance against material misstatement or loss. Since establishing and bringing improvement in controls are ongoing process that includes identification, evaluation and management of significant risk faced by the bank, the management of the bank has adopted COSO Internal Controls - Integrated Framework in order to comply with the SBP Internal Control Guidelines.

The Bank has engaged external consultants to assist them in implementation of BPR & COSO Project. BPR is essentially a business process improvement/ transformation project undertaken with the core objectives of transforming the organization's key operating strategies, structure/ governance, processes, systems and MIS by benchmarking them to international best practices and ensure effectiveness and efficiency of business operations to enable the organization in meeting its overall business objectives. One of the core focus area is to ensure alignment of policies & SOPs with CBA, allied systems and other automation initiatives to optimize technology investments. Since ICFR is one of the components of COSO, the management intends to align its current ICFR with BPR / COSO project, which has achieved various milestones including Process Inventory - Business Process Review and scoping study, documentation of Process Objectives, As Is process documentation, Benchmarking with best local & international practices, Remediation Planning Development of Risk Control Matrices (COSO Specific) and Development of Management Testing Plans & Frameworks (COSO Specific).

SBP vide its BSD circular no. 7 dated 27 May 2004 has issued guidelines on the internal control for all Banks/DFIs (SBP Internal Control Guidelines) and in order to ensure consistency in the process of compliance with in the internal control guidelines, SBP vide BSD Circular No. 5 dated 24 February 2009 has provided a roadmap (the SBP roadmap) identifying various activities / stages involved in the internal control program.

The bank has completed various stages set out in the SBP road map but there are various activities which are dependent on the completion of BPR and COSO project referred to above. These stages / processes would need to be redone

Evaluation of Internal Control.

The Bank has an independent Internal Audit & Inspection function in the name of Audit & Inspection Group with three Regional Audit & Inspection Offices that conduct audit of branches, Regions, Subsidiaries, Staff Colleges and Groups at Head Office on an on-going basis to evaluate the efficiency and effectiveness of Internal Control System. In addition to that Compliance set up is also in place with 145 independent branch compliance officers in category-III Branches and 21 Regional Compliance officers with supporting staff to take care of Compliance related issues to strengthen the control environment.

For the year 2015 the Bank has made its best efforts to ensure that an effective internal control system continues to perform in letter and spirit. The observations made by the external / internal auditors and regulators in their respective audits / inspections are promptly reviewed and measures are taken by the Board, Board Audit Committee and management for rectification of such observations to safeguard the Bank's interest.

We assess that the internal control environment is showing signs of improvement as compared to previous years. Based upon the results through ongoing testing of financial reporting controls and internal audits carried out during the year, the management considers that the Bank's existing Internal controls system is adequate and has been effectively implemented and monitored. However, the management would continuously be evaluating to enhance and further strengthen the internal control system of the Bank.

Based on the above, the Board of Directors has duly endorsed the management's evaluation of internal controls including ICFR in the attached Director's report.

SHARIAH BOARD'S REPORT NBP AITEMAAD

For the year ended December 31, 2015

بسم الله الرحمن الرحيم

الحمد للله رب العالمين والصلاة والسلام على سيد الانبياء والمرسلين وعلى أله وصحبه اجمعين اما بعد

The Board of Directors of NBP have entrusted the Shariah Board with the task to assess the overall Shariah compliance level and environment within the NBP Islamic Banking.

The objective of the report is to present a view about the overall Shariah compliance level and environment within the Bank. In the Capacity of Shariah Board, we have reviewed the overall Shariah compliance level and environment within the Bank as of December 31, 2015.

Shariah Board Opinion

While the Board of Directors and Executive Management are solely responsible to ensure that the operations of NBP - Aitemaad are conducted in a manner that comply with Shari'ah principles at all times, we are required to submit a report on the overall Shari'ah compliance environment of NBP - Aitemaad.

To form our opinion as expressed in this report, the Shari'ah Compliance Department of the bank carried out reviews, on test check basis, of each class of transactions, the relevant documentation and process flows. Further, we have also reviewed the reports of the internal Shari'ah audit and external Shari'ah audit. Based on above, we are of the view that:

1. Compliance with Shariah Rules and Principles in the light of Fatawa and Guidelines issued by Shariah Board and SBP.

Based on the Compliance Review conducted by the Shariah Compliance Department, the Shariah Board found no instance of non-compliance of various guidelines issued through IOMs during the year 2015.

2. Shariah Compliance Mechanism

With the Grace of Allah, the management of NBP has approved the Shariah Compliance Manual developed by the Shariah Compliance Department. The Shariah Compliance Manual covers all aspects of the Islamic Banking Operations and includes a Mystery Shopping Mechanism especially designed to ensure Shariah compliance by the branch staff at all levels and situations. The results of such mystery shopping would help us analyze and identify weak areas and to suggest relevant controls. This will also help to assess the staff training needs.

3. Mechanism ensuring prohibited Income to Charity Account

NBP-Aitemaad has a well-defined Charity policy approved by NBP Shariah Board and the Board of Directors. Our Shariah Compliance team conduct review of executed process flows to ensure their compliance in lines with the Shariah approved processes and guidelines. In addition, all other income generating sources including investments and treasury transactions are screened by the Shariah Compliance Department.

During the year; Alhamdulillah no income was generated from sources prohibited by Shariah rules and principles.

4. Profit and Loss Distribution and Pool management

The Shariah Compliance Department has reviewed Pool Management & Profit Distribution Manual during the year 2015. In compliance of the same, the Shariah Compliance Department reviews / monitors the pool management and profit distribution on a monthly basis.

The pool management and profit distribution mechanism, the allocation of funds, weightages, profit sharing ratios, profits and charging of losses related to PLS accounts conform to the Shariah rules and principles.

5. Staff understanding of Islamic Banking and Finance

Alhamdulillah, prior conversion and at the time new staff induction, NBP-Aitemaad imparts a 5 days basic Islamic Banking & Finance training to abreast them with Islamic Banking basic concepts. NBP had availed the services of NIBAF to conduct this basic five-day training programs. Moreover, the Shariah Compliance Team and the Shariah Board encourages all staff of Islamic Banking Group to float their queries via Ask-Shariah portal. This provides a platform for on the job training for them and supports day-to-day processes and customer management.

6. Provision of adequate resources to Shariah Board

The Executive Management is working to finalize the hiring of adequate staff for Shariah compliance department. We expect that the formalities are completed soon that shall enable to discharge the duties effectively.

7. No significant Shariah related issues are outstanding

Other Developments

1. Approval of Branch Conversions

With the Grace of Allah, NBP-Aitemaad has converted 57 branches during the year 2015. The Shariah Board has reviewed the conversion process and found the same in adherence with the approved process and guidelines.

2. SB Guidelines

The Shariah Board issued time to time multiple guidelines and instructions to the Executive Management to ensure that Islamic Banking operations are in adherence with the principles of Shariah.

3. Shariah Compliance Review of Islamic Banking Branches

The Shariah Compliance teams has conducted the Shariah review of the Aitemaad Branches as required in SBP's Shariah Governance Framework. Consequently, the Shariah compliance team during their branch visit provide guidance to the branch staff to ensure implementation of Shariah Board instruction and guidelines.

Further, as a compliance review function, the Shariah compliance team visited branches for Shariah review with focus on the following:

- a) Staff understanding of Islamic Banking and Finance
- b) Display of required information in the branch
- c) Profit distribution among depositors
- d) Islamic mode of financing
- e) Adherence to the guidelines issued by the Shariah Board from time to time
- f) General environment

4. Product Development

Alhamdulillah, the Board of Directors has approved after the review of all existing Financing and Liability Products and its Policies carried out by Shariah Compliance Department. In addition, the BOD approved multiple deposit products and Diminishing Musharakah financing product that aimed to cater the need of public and are in process of prerequisites completion prior launching.

5. Shariah Audit

With the grace of Allah, NBP has established its Internal Shariah Audit Wing (ISAW) as instructed in the Shariah Governance Framework. This arrangement shall help developing better control and identifying gaps within the system as Aitemaad Branch Network is aimed to expand further.

والله سبحانه وتعالى اعلم

We have reviewed the enclosed Statement of Compliance with the best practices contained in the Code of Corporate Governance (the Code) prepared by the Board of Directors of National Bank of Pakistan ("the Bank") for the year ended December 31, 2015 to comply with the requirements of Listing Regulations of Pakistan Stock Exchange Limited where the Bank is listed.

The responsibility for compliance with the Code is that of the Board of Directors of the Bank. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Bank's compliance with the provisions of the Code and report if it does not and to highlight any non-compliance with the requirements of the Code. A review is limited primarily to inquiries of the Bank personnel and review of various documents prepared by the Bank to comply with the Code.

As part of our audit of financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Bank's corporate governance procedures and risks.

The Code requires the Bank to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval of related party transactions distinguishing between transactions carried out on terms equivalent to those that prevailed in arm's length transactions and transactions which are not executed at arm's length price and recording proper justification for using such alternate pricing mechanism. We are only required and have ensured compliance of this requirement to the extent of approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention, which causes us to believe that the Statement of Compliance does not appropriately reflect the Bank's compliance, in all material aspects, with the best practices contained in the Code as applicable to the Bank for the year ended December 31, 2015. Further, we highlight the following:

- Paragraph 16 which states that the bank has sought an exemption from Securities and Exchange Commission of Pakistan relating to relevant experience and qualification requirements for the Head of Internal Audit.

Chartered Accountants Progressive Plaza, Beaumont Road Karachi 75530, Pakistan **KPMG Taseer Hadi & Co.** Chartered Accountants Sheikh Sultan Trust Building No. 2 Beaumont Road Karachi 75530, Pakistan

We have audited the annexed unconsolidated statement of financial position of National Bank of Pakistan ("the Bank") as at December 31, 2015 and the related unconsolidated profit and loss account, unconsolidated statement of comprehensive income, unconsolidated cash flow statement and unconsolidated statement of changes in equity together with the notes forming part thereof (here-in-after referred to as the 'financial statements') for the year ended December 31, 2015, in which are incorporated the unaudited certified returns from the branches except for 80 branches which have been audited by us and 19 branches audited by the auditor abroad and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the Bank's Board of Directors to establish and maintain a system of internal control, and prepare and present the financial statements in conformity with the approved accounting standards and the requirements of the Banking Companies Ordinance, 1962 (LVII of 1962), and the Companies Ordinance, 1984 (XLVII of 1984). Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with the International Standards on Auditing as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, which in case of loans and advances covered more than 60% of the total loans and advances of the Bank, we report that:

- a) in our opinion, proper books of account have been kept by the Bank as required by the Companies Ordinance, 1984 (XLVII of 1984), and the returns referred to above received from the branches have been found adequate for the purposes of our audit;
- b) in our opinion:
 - i) the statement of financial position and the related profit and loss account together with the notes thereon have been drawn up in conformity with the Banking Companies Ordinance, 1962 (LVII of 1962), and the Companies Ordinance, 1984 (XLVII of 1984), and are in agreement with the books of account and are further in accordance with the accounting policies consistently applied except for the change in accounting policies as stated in note 3.3 to the accompanying financial statements, with which we concur;
 - ii) the expenditure incurred during the year was for the purpose of the Bank's business; and
 - iii) the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the Bank and the transactions of the Bank which have come to our notice have been within the powers of the Bank;
- c) in our opinion and to the best of our information and according to the explanations given to us, the unconsolidated statement of financial position, unconsolidated profit and loss account, unconsolidated statement of comprehensive income, unconsolidated cash flow statement and unconsolidated statement of changes in equity together with the notes forming part thereof conform with approved accounting standards as applicable in Pakistan, and, give the information required by the Banking Companies Ordinance, 1962 (LVII of 1962), and the Companies Ordinance, 1984 (XLVII of 1984), in the manner so required and give a true and fair view of the state of the Bank's affairs as at December 31, 2015 and its true balance of profit, its cash flows and its changes in equity for the year then ended; and
- d) in our opinion Zakat deductible at source, under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Bank and deposited in the Central Zakat Fund established under section 7 of that Ordinance.
